

## **New York State Electric & Gas Electric Corporation (NYSEG)**

NYSEG has filed tariff revisions January 2, 2019 with the New York State Public Service Commission (PSC) to implement a residential time-of-use rate to become effective April 1, 2019.

A residential customer with an eligible electric vehicle may opt to take service under a Special Provision within Service Classification No. 8 for as long as the customer owns or operates the electric vehicle.

The Customer Charge will be \$15.11 per month. The Day-time per kilowatt-hour delivery charge is \$0.04935 and the Night-time per kilowatt-hour charge is \$0.01812. Supply charges and all other surcharges are applicable. Tariff schedules are available at [nyseg.com](http://nyseg.com).
